This book from Rick Mooney features easy classical music as well as folk songs, fiddle tunes and Mooney originals composed to address specific technical points. A second cello part throughout promotes a student's ability to hear and play accurately. Position Pieces for Cello is designed to give students a logical and fun way to learn their way around the fingerboard. Each hand position is introduced with exercises called "Target Practice," "Geography Quiz," and "Names and Numbers." Following these exercises are tuneful cello duets which have been specifically composed to require students to play in that hand position. In this way, students gain a thorough knowledge of how to find the hand positions and, once there, which notes are possible to play. Using these pieces (with names like "I Was a Teenage Monster," "The Irish Tenor," and "I've Got the Blues, Baby"), position study on the cello has never been so much fun! (String Method). Introducing the Positions, a series widely used in classroom and private studio, represents a critical "next step" for string students. Position playing allows players to extend range beyond the basics and move into the ranks of intermediate and advanced ensemble groups. The most important positions vary for each instrument, and Whistler wisely introduces the most-used positions first in Volume 1, followed by the next most important in Volume 2. An irreplaceable component for every string student's training! This new edition contains all the scales and arpeggios required for ABRSM's Grades 15 Cello exams. Contains all scales and arpeggios for the revised syllabus from 2012, with bowing patterns and suggested fingering, and a helpful introduction including advice on preparing for the exam. A beginning note-reading book designed for Suzuki-trained violoncello students who have learned to play using an aural approach, or for traditionally taught students who need extra note reading practice. This collection includes beginning level duets compatible for violin, viola, cello, and bass. Learn simple rhythms, basic bow skills, and solid intonation with familiar children's and classic tunes. The arrangements work best with the more treble of the two instruments on top line. The violin and viola books remain in first position. Team Strings presents a flexible course which can be tailored to suit each student and is ideal for individual, group and class tuition. Containing plenty of carefully graded music in a wide range of styles, this series enables violin and viola, or cello and bass to be taught in the same lesson. The series also encourages ensemble playing with Team Brass and Team Woodwind. The series also develops instrument related aural skills, improvisation and composition. Helpful notes for the teacher, clear ensemble scores and imaginative piano accompaniments are also included. Title: Technical Cello Studies, Volume 1 Composer: Julius Klengel Original Publisher: Breitkopf & Hartel The first volume of Klengel's Technical Cello Studies, with text in English, German, and French, as originally published by Breitkopf & Hartel. Performer's Reprints are produced in conjunction with the International Music Score Library Project. These are out of print or historical editions, which we clean, straighten, touch up, and digitally reprint. Due to the age of original documents, you may find

occasional blemishes, damage, or skewing of print. While we do extensive cleaning and editing to improve the image quality, some items are not able to be repaired. A portion of each book sold is donated to small performing arts organizations to create jobs for performers and to encourage audience growth. Time Pieces is an exciting new series of repertoire which explores the wealth of music written from the sixteenth century to the present day. The pieces are presented chronologically within each volume and all include the year in which they were written to give a sense of the different styles of music through time. The Suzuki Method of Talent Education is based on Dr. Shinichi Suzuki's view that every child is born with ability, and that man is the son of his environment. According to Dr. Suzuki, a world-renowned violinist and teacher, the greatest joy an adult can know comes from developing a child's potential so he/she can express all that is harmonious and best in human beings. Students are taught using the "mother-tongue" approach. Suzuki Cello School materials include: Cello Parts (Vol. 1-10) * Piano Accompaniments (Vol. 1-8) * Cassettes (Vol. 1-3, 7, & 8 performed by Tsuyoshi Tsutsumi, Vol. 4-6 performed by Ron Leonard) * Compact Discs (Vol. 1-3, 7, & 8 performed by Tsuyoshi Tsutsumi, Vol. 4-6 performed by Ron Leonard). Suzuki Method Core Materials available for piano, violin, viola, cello, string bass, flute, harp, guitar, and recorder. Piano accompaniment for Suzuki Cello School, Volume 1. Titles: * Twinkle, Twinkle, Little Star Variations (Shinichi Suzuki) * French Folk Song (Folk Song) * Lightly Row (Folk Song) * Song of the Wind (Folk Song) * Go Tell Aunt Rhody (Folk Song) * O Come, Little Children (Folk Song) * May Song (Folk Song) * Allegro (Shinichi Suzuki) * Perpetual Motion in D Major (Shinichi Suzuki) * Perpetual Motion in G Major (Shinichi Suzuki) * Long, Long Ago (T.H. Bach) Teach cello with the popular Suzuki Cello School. The Suzuki Method(R) of Talent Education is based on Shinichi Suzuki's view that every child is born with ability, and that people are the product of their environment. According to Shinichi Suzuki, a world-renowned violinist and teacher, the greatest joy an adult can know comes from developing a child's potential so he/she can express all that is harmonious and best in human beings. Students are taught using the mother-tongue approach. Each series of books for a particular instrument in the Suzuki Method is considered a Suzuki music school, such as the Suzuki Cello School. Suzuki lessons are generally given in a private studio setting with additional group lessons. The student listens to the recordings and works with their Suzuki cello teacher to develop their potential as a musician and as a person. This Suzuki book for Volume 4 is integral for Suzuki cello lessons. Titles: Sonata in E Minor, Op. 14, No. 5 (Largo, Allegro, Largo, Allegro) (Vivaldi) * Danse Rustique, Op. 20, No. 5 (Squire) * Arioso from Cantata 156 (Bach) * Rondo from Concerto No. 4, Op. 65 (Goltermann). For a complete list of the most recent printings by AMPV number, go to alfred.com/suzuki. This title is available in MakeMusic Cloud. The International editions include an updated title page that designates the book as the International Edition. A Federation Festivals 2020-2024 selection. This method is for cello beginners. It contains progressive exercises and small pieces, all in first position, without extensions. The cellist can in the same time practise the bowing and the left hand techniques, and educate his musical sense, the progression is very slow. The second volume of the method will present the extensions, in the same spirit : go slowly and practise with pleasure. Dr. Suzuki questioned why all vocalists vocalize every day to improve their voices, but instrumentalists do not do so every day with their instruments. He believes that on any instrument, one needs to practice to make a more beautiful tone. First he talks about playing a beautiful resonant tone with the bow while plucking the string with a finger. When a pizzicato is played, the resonance goes on for a long time. Students should listen to that resonance and play the same kind of clear beautiful sound. He talks about how to make a difference in the tone by using a different bow speed, how to practice to find the resonance point, how to change the weight of the arm on the bow to produce a different kind of tone, and how to

change tone color. This book includes all of Dr. Suzuki's basic ideas about tone. Compiled by Alwin Schroeder, a former cellist with the Boston Symphony Orchestra and an experienced teacher, this collection of 80 exercises constitutes the first book of a three-volume set. Schroeder drew upon his extensive experience to create original études for instructing students, and in this work he combines them with several others by his distinguished nineteenth-century European colleagues: Karl Schröder, Ferdinand Büchler, Friedrich Dotzauer, Auguste Franchomme, Friedrich Grützmacher, and Sebastian Lee. The carefully selected studies are arranged in order of increasing complexity, and Schroeder provides suggestions for fingering, bowing, and dynamics. Cello students and teachers will find these exercises a splendid resource for the improvement of technique and performance. Titles: * Twinkle, Twinkle, Little Star Variations (Shinichi Suzuki) * French Folk Song (Folk Song) * Lightly Row (Folk Song) * Song of the Wind (Folk Song) * Go Tell Aunt Rhody (Folk Song) * O Come, Little Children (Folk Song) * May Song (Folk Song) * Allegro (Shinichi Suzuki) * Perpetual Motion in D Major (Shinichi Suzuki) * Perpetual Motion in G Major (Shinichi Suzuki) * Long, Long Ago (T.H. Bach) These easy-to-read, progressive exercises by Joanne Martin develop a student's reading skills one stage at a time, with many repetitions at each stage. I Can Read Music is designed as a first note-reading book for students of string instruments who have learned to play using an aural approach such as the Suzuki Method®, or for traditionally taught students who need extra note reading practice. Its presentation of new ideas is clear enough that it can be used daily at home by quite young children and their parents, with the teacher checking progress every week or two. Written as a companion to the wildly popular fiddle book, this method opens up the world of fiddling to the beginning/intermediate cellist. Finally fiddlers, violists and cellists can jam together! Unlike many books for violas and cellos which simply transpose the tunes, the authors went to considerable effort arranging the tunes to be both playable and true to the original melody and key. Variations to the tunes are included illustrating how they can serve as a basis for improvisation. Ensemble skills are taught with chords and lyrics, basic music theory, and demonstrations of such skills as backup and lead playing in this playfully- illustrated book. A high quality, multi-instrumental CD for listening and play-along captures the excitement of the music. Like its fiddle counterpart, this method is destined to be a classic. Titles: Concerto in C Major, Hob. VIIb 1 (Moderato, Adagio, Allegro molto) (J. Haydn). This volume contains a few smaller pieces that could be used as warm-up exercises, but the majority of the edition is devoted to the entire Concerto in C Major, Hob. VIIb. 1, by Franz Joseph Haydn. This work is perfect for students at the intermediate/advanced level, and is a vital link to the unique teaching philosophy that is Suzuki! Volume 9 contains both the cello score and the piano accompaniment. This title is available in SmartMusic. (String Solo). For unaccompanied cello. Learning the Cello, Book One is an introductory cello method for the absolute beginner. Starting with open string letters and songs with simple finger numbers, the book progresses to short exercises and familiar songs with large, easy-to-read notes to get the student to play as much as possible. Written for students ages 5-9, Learning the Cello, Book One is especially helpful with younger beginners or students who struggle with note-reading. This book can be studied in private lessons, in single-string classes, or in mixed-string classes, along with Learning the Violin, Book One, Learning the Viola, Book One, and Learning the Bass, Book One. A Score and Piano Accompaniment is also available. This book could be studied along with The Open String Book for Cello and Early Exercises for the Cello, and could be followed by Learning the Cello, Book Two. Cellists will enjoy this book of complete technical studies, offering scales, arpeggios, phrasing, tone production, and much more. A must for all advancing students. Kalmus Editions are primarily reprints of Urtext Editions, reasonably priced and readily available. They are a must for students, teachers, and performers. This collection of sixteen original, imaginative studies for solo cello has been specially designed for young players of elementary level (Grades 1-3). Throughout the book, progressive technical points go hand-in-hand with musical development. The studies cover a variety of keys, modes, rhythmic patterns and styles, including jazz, while also encouraging self-expression. The descriptive titles are intended to help the cellist play in a style appropriate to each study. Teachers and pupils will find this invaluable yet lighthearted collection both enjoyable and stimulating. The
