THE EARLY GRADE READING ASSESSMENT Mar 18 2020 The Early Grade Reading Assessment (EGRA) measures students' progress towards reading. EGRA gauges early literacy skills through a 15-minute individual oral assessment of five fundamental reading skills. RTI worked with education experts to develop the EGRA in 2006, and it has been piloted and implemented in more than 40 countries. This volume aims to take stock of the substantial amount of information and experience generated through the use of EGRA, and to share this knowledge with practitioners, policymakers, and international donors. Chapters cover not only particular applications of the instrument but also put EGRA in the context of broader issues and developments in literacy and education.

This Life Dec 15 2019 This beautifully written novel, by one of South Africa's most celebrated writers, has an almost hypnotic power that draws the reader into one woman's life. As a post-apartheid novel, This Life considers both the past and future of the Afrikaner people through four generations of one family. In an elegiac narrator's tone, there is also a sense of compulsion in the narrator's attempts to understand the past and achieve reconciliation in the present. This Life is a powerful story partly of suffering and partly of reflection.

Reinardus Nov 13 2019 Reinardus aims to promote comparative research in the fields of medieval comic, satirical, didactic, and allegorical literature, with emphasis on beast epic, fable and fabliau, including sources, influences and later developments into the modern period. The methods and critical interpretations it offers are as wide-ranging as is its subject matter, since it considers discussion and the coexistence of conflicting views as more important than the defence of a specific methodological point of view.

Romantic Image Oct 13 2019 For the past four decades Frank Kermode, critic and writer, has steadily established himself as one of the most brilliant minds of his generation. Questioning the public's harsh perception of 'the artist', Kermode at the same time gently pokes fun at artists' own, often inflated, self-image. He identifies what has become one of the defining characteristics of the Romantic tradition - the artist in isolation and the emerging power of the imagination. Back in print after an absence of over a decade, The Romantic Image is quintessential Kermode. Enlightenment has seldom been so enjoyable!

Reynolds entices even the stubbornly uncreative among us to make a mark -- and follow where it takes us. Her teacher smiled. "Just make a mark and see where it takes you." Art class is over, but Vashti is sitting glued to her chair in front of a blank piece of paper. The words of her teacher are a gentle invitation to express herself. But Vashti can't draw - she's no artist. To prove her point, Vashti jabs at a blank sheet of paper to make an unremarkable and angry mark. "There!" she says. That one little dot marks the beginning of Vashti's journey of surprise and self-discovery. That special moment is the core of Peter H. Reynolds's delicate fable about the creative spirit in all of us.
