All animals are equal but some animals are more equal than others. It's just an ordinary farm - until the animals revolt. They get rid of the irresponsible farmer. The other animals are sure that life is improving, but as systems are replaced and half-truths are retold, a new hierarchy emerges . . .

Orwell's tale of propaganda, power and greed has never felt more pertinent. With an exciting new cover and inside illustrations by superstar Chris Mould. The Tudor period was notable for religious turmoil. Under Queen Elizabeth I, the slowly reforming Protestant Church of England finally gained a level of stability, but many people, from paupers to Lords, clung to Catholicism. Most crossed their fingers and attended Protestant services. Others, the "recusants", remained defiant and refused to conform. This book takes a fresh look into the life and death of one prominent Catholic recusant, Margaret Clitherow, and the wider events which shaped her story and that of many others. In 1970, Margaret was made a saint, one of the Forty Martyrs of England and Wales. All suffered a similar fate. Elizabeth's government faced threats from multiple directions - poor harvests, disease, attempts at invasion and plots to replace the Queen with a Catholic monarch. In York, friction was growing between the Council of the North and the city Corporation. But for much of the population, life went on as normal. One well-to-do family in the city celebrated the birth of a daughter. Brought up for a time as a Protestant, Margaret Middleton eventually married a butcher, John Clitherow. They set up home in the Shambles and raised a family. Margaret's destiny changed when she embraced Catholicism. In 1586, Margaret's stepfather was elected Lord Mayor of York. A few weeks later, Margaret was arrested for harbouring Catholic priests. Coincidence, or something more sinister? What happened next was sensational. One woman taking on the northern authorities, the Church of England and assizes judiciary. Sentenced to death for refusing to make a plea in court, Margaret received a last-minute reprieve due to claims of her pregnancy, only for these to be

rejected. Following Margaret's brutal execution, Queen Elizabeth is said to have apologised to the people of York. With one martyr and no winner, Margaret's story is examined as a microcosm of Tudor life, a family tragedy of faith and betrayal, set against a backdrop of political power games, treason and plot. *The Pillars of the Earth* sweeps through 12th-century England in an era of raging civil war, telling of a group of men and women whose fates are linked to the building of a great cathedral, a site of bloodshed and treachery. A masterpiece of raw courage and passion from the author of *Eye of the Needle*. William Morrow. *A Tale of Two Cities* (1859) is the second historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. It depicts the plight of the French proletariat under the brutal oppression of the French aristocracy in the years leading up to the revolution, and the corresponding savage brutality demonstrated by the revolutionaries toward the former aristocrats in the early years of the revolution. It follows the lives of several protagonists through these events, most notably Charles Darnay, a French once-aristocrat who falls victim to the indiscriminate wrath of the revolution despite his virtuous nature, and Sydney Carton, a dissipated English barrister who endeavours to redeem his ill-spent life out of love for Darnay's wife, Lucie Manette. Masterfully blending narrative and interpretation, and R.F. Foster's *Modern Ireland: 1600-1972* looks at how key events in Irish history contributed to the creation of the 'Irish Nation'. 'The most brilliant and courageous Irish historian of his generation' Colm Tóibín, *London Review of Books* 'Remarkable ... Foster gives a wise and balanced account of both forces of unity and forces of diversity ... a master work of scholarship' Bernard Crick, *New Statesman* 'A tour de force ... Anyone who really wants to make sense of Ireland and the Irish must read Roy Foster's magnificent and accessible *Modern Ireland*' Anthony Clare 'A magnificent book. It supersedes all other accounts of modern Irish history' Conor Cruise O'Brien,

Sunday Times 'Dazzling ... a masterly survey not so much of the events of Irish history over the past four centuries as of the way in which those events acted upon the peoples living in Ireland to produce in our own time an "Irish Nation" ... a gigantic and distinguished undertaking' Robert Kee, Observer 'A work of gigantic importance. It is everything that a history book should be. It is beautifully and clearly written; it seeps wisdom through its every pore; it is full of the most elegant and scholarly insights; it is magnificently authoritative and confident ... Modern Ireland is quite simply the single most important book on Irish history written in this generation ... A masterpiece' Kevin Myers, Irish Times R. F. Foster is Carroll Professor of Irish History at the University of Oxford and a Fellow of Hertford College, Oxford. His books include Modern Ireland: 1600-1972, Luck and the Irish and W. B. Yeats: A Life. A picture book story about the triumph of hope, love, and determination, Coming to England is the inspiring true story of Baroness Floella Benjamin: from Trinidad, to London as part of the Windrush generation, to the House of Lords. When she was ten years old, Floella Benjamin, along with her older sister and two younger brothers, set sail from Trinidad to London, to be reunited with the rest of their family. Alone on a huge ship for two weeks, then tumbled into a cold and unfriendly London, coming to England wasn't at all what Floella had expected. Coming to England is both deeply personal and universally relevant – Floella's experiences of moving home and making friends will resonate with young children, who will be inspired by her trademark optimism and joy. This is a true story with a powerful message: that courage and determination can always overcome adversity. "Denn die Todten reiten schnell"- ("For The Dead Travel Fast") 'The very best story of diablerie which I have read for many years' - Arthur Conan Doyle Dracula is an 1897 Gothic horror novel by Irish author Bram Stoker. It introduced the character of Count Dracula and established many conventions of subsequent vampire fantasy. The

novel tells the story of Dracula's attempt to move from Transylvania to England so that he may find new blood and spread the undead curse, and of the battle between Dracula and a small group of people led by Professor Abraham Van Helsing. The Irish famine that began in 1845 was one of the nineteenth century's greatest disasters. By its end, the island's population of eight million had shrunk by a third through starvation, disease and emigration. This is a brilliant, compassionate retelling of that awful story for a new generation - the first account for the general reader for many years and a triumphant example of narrative non-fiction at its best. The immediate cause of the famine was a bacterial infection of the potato crop on which too many the Irish poor depended. What turned a natural disaster into a human disaster was the determination of senior British officials to use relief policy as an instrument of nation-building in their oldest and most recalcitrant colony. Well-meaning civil servants were eager to modernise Irish agriculture and to improve the Irish moral character, which was utterly lacking in the virtues of the new age of triumphant capitalism. The result was a relief programme more concerned with fostering change than of saving lives. This is history that resonates powerfully with our own times. An engaging and moving account of this most destructive event in Irish history. A spine-chilling, funny and scary play from the award-winning writer and broadcaster behind the hit BBC podcast *The Battersea Poltergeist*. *Small Island* by bestselling author Andrea Levy won the Orange Prize for Fiction, as well as the Commonwealth Writers' Prize and the Whitbread. It is possibly the definitive fictional account of the experiences of the Empire Windrush generation. Now a major BBC drama starring Benedict Cumberbatch and Naomie Harris, its enduring appeal will captivate fans of Maya Angelou and Zadie Smith. 'A great read... honest, skilful, thoughtful and

important' - Guardian It is 1948, and England is recovering from a war. But at 21 Nevern Street, London, the conflict has only just begun. Queenie Bligh's neighbours do not approve when she agrees to take in Jamaican lodgers, but Queenie doesn't know when her husband will return, or if he will come back at all. What else can she do? Gilbert Joseph was one of the several thousand Jamaican men who joined the RAF to fight against Hitler. Returning to England as a civilian he finds himself treated very differently. It's desperation that makes him remember a wartime friendship with Queenie and knock at her door. Gilbert's wife Hortense, too, had longed to leave Jamaica and start a better life in England. But when she joins him she is shocked to find London shabby, decrepit, and far from the golden city of her dreams. Even Gilbert is not the man she thought he was... A vivid account of the Irish slave trade: the previously untold story of over 50,000 Irish men, women and children who were transported to Barbados and Virginia. During a Biblical seven years in the middle of the nineteenth century, Ireland experienced the worst disaster a nation could suffer. Fully a quarter of its citizens either perished from starvation or emigrated, with so many dying en route that it was said, "you can walk dry shod to America on their bodies." In this grand, sweeping narrative, Ireland's best-known historian, Tim Pat Coogan, gives a fresh and comprehensive account of one of the darkest chapters in world history, arguing that Britain was in large part responsible for the extent of the national tragedy, and in fact engineered the food shortage in one of the earliest cases of ethnic cleansing. So strong was anti-Irish sentiment in the mainland that the English parliament referred to the famine as "God's lesson." Drawing on recently uncovered sources, and with the sharp eye of a seasoned historian, Coogan delivers fresh insights into the famine's causes, recounts its unspeakable events, and delves into the legacy of the "famine mentality" that followed immigrants across the Atlantic to the shores of the United States and had lasting effects on the population left

behind. This is a broad, magisterial history of a tragedy that shook the nineteenth century and still impacts the worldwide Irish diaspora of nearly 80 million people today. Modern editions of a popular and trusted series. In 1590 three hundred Scottish 'witches' were tried for plotting the murder of their King, James VI of Scotland (soon to be James I of England). James is known to have suffered from a morbid fear of violent death, and the trial heightened his anxiety over this apparently treasonous 'un-Christian' sect, and stimulated him to study the whole subject of witchcraft. 'Daemonologie' is the result of this royal research, detailing his opinions on the topic in the form of a Socratic dialogue between the sceptic Philomathes and witch-averse Epistemon, who reveals many aspects of witch-craft. The book consists of three sections, on magic, on sorcery and witchcraft, and on spirits and ghosts, and ends with a lurid account of the North Berwick witch trials, based on the evidence of Dr John Fian, the alleged head of the coven, whose 'confession' was obtained with the aid of thumbscrews, the Boot, and by the ripping out of his fingernails. Addresses a question that has remained unanswered since the end of World War II: is Britain a European country? Rewriting the inside history of Britain and the European Union, each phase of the history in this book is built around the role of a single character, starting with Churchill and concluding with Tony Blair. The narrative is also built around the careers of Ernest Bevin, Harold Macmillan, Edward Heath, Roy Jenkins and Margaret Thatcher. The Prevent strategy, launched in 2007 seeks to stop people becoming terrorists or supporting terrorism both in the UK and overseas. It is the preventative strand of the government's counter-terrorism strategy, CONTEST. Over the past few years Prevent has not been fully effective and it needs to change. This review evaluates work to date and sets out how Prevent will be implemented in the future. Specifically Prevent will aim to: respond to the ideological challenge of terrorism and the threat we face from those who promote it; prevent people

from being drawn into terrorism and ensure that they are given appropriate advice and support; and work with sectors and institutions where there are risks of radicalization which need to be addressed

It is the Jubilee! Queen Victoria's Golden Jubilee, 1887. At Tilbury Docks, Rani and Abdul step ashore after the long voyage from India. One has to battle a society who deems her a second class citizen, the other forges an astonishing entanglement with the ageing Queen who finds herself enchanted by stories of an India she rules but has never seen. The Empress uncovers remarkable unknown stories of 19th century Britain, the growth of Indian nationalism and the romantic proclivities of one of our most surprising monarchs. Shortlisted for the Man Booker Prize for Fiction

As every schoolboy knows, you can fit the whole of England on the Isle of Wight. Grotesque, visionary tycoon Sir Jack Pitman takes the saying literally and does exactly that. He constructs on the island 'The Project', a vast heritage centre containing everything 'English', from Big Ben to Stonehenge, from Manchester United to the white cliffs of Dover. The project is monstrous, risky, and vastly successful. In fact, it gradually begins to rival 'Old' England and even threatens to supersede it... One of Barnes's finest and funniest novels, *England, England* calls into question the idea of replicas, truth vs fiction, reality vs art, nationhood, myth-making, and self-exploration. 'A brilliant, Swiftian fantasy'

The Economist *Othello* (The Tragedy of Othello, the Moor of Venice) is a tragedy by William Shakespeare, believed to have been written in 1603. It is based on the story *Un Capitano Moro* ("A Moorish Captain") by Cinthio (a disciple of Boccaccio's), first published in 1565. The story revolves around its two central characters: Othello, a Moorish general in the Venetian army, and his treacherous ensign, Iago. Given its varied and enduring themes of racism, love, jealousy, betrayal, revenge, and repentance, *Othello* is still often performed in professional and community theatre alike, and has been the source for numerous operatic, film, and literary

adaptations. The tragedy of Romeo and Juliet - the greatest love story ever. Hamlet, probably composed between 1599 and 1601, takes place in Denmark and tells how Prince Hamlet carries out his revenge on his uncle Claudius who murdered Hamlet's father, the king, and holds the usurped crown as well as nuptials with Gertrude, the mother of Hamlet. The play is vividly traced around insanity (both real and feigned) and the course from deep pain to inordinate anger. It also explores the themes of betrayal, revenge, incest and moral corruption. A Liverpoolian West Side Story, Blood Brothers is the story of twin brothers separated at birth because their mother cannot afford to keep them both. One of them is given away to wealthy Mrs Lyons and they grow up as friends in ignorance of their fraternity until the inevitable quarrel unleashes a blood-bath. Blood Brothers was first performed at the Liverpool Playhouse in 1983 and subsequently transferred to the Lyric Theatre, London. It was revived in the West End in 1988 for a long-running production and opened on Broadway in 1993. «Таинственный сад» - любимая классика для читателей всех возрастов, жемчужина творчества Фрэнсис Ходжсон Бернетт, роман о заново открытой радости жизни и магии силы. Мэри Леннокс, жестокое и испорченное дитя высшего света, потеряв родителей в Индии, возвращается в Англию, на воспитание к дяде-затворнику в его поместье. Однако дядя находится в постоянных отъездах, и Мэри начинает исследовать округу, в ходе чего делает много открытий, в том числе находит удивительный маленький сад, огороженный стеной, вход в который почему-то запрещен. Отыскав ключ и потайную дверцу, девочка попадает внутрь. Но чьи тайны хранит этот загадочный садик? И нужно ли знать то, что находится под запретом?.. Впрочем, это не единственный секрет в поместье... 'Ben Aaronovitch's masterfully crafted world of magic, ghosts and gruesome crimes gives the late, great Terry Pratchett a run for his money' The Sun 'Great, great fun' Simon Mayo, Radio 2 My name is Peter Grant and until January I was just

probationary constable in that mighty army for justice known to all right-thinking people as the Metropolitan Police Service (and as the Filth to everybody else). My only concerns in life were how to avoid a transfer to the Case Progression Unit - we do paperwork so real coppers don't have to - and finding a way to climb into the panties of the outrageously perky WPC Leslie May. Then one night, in pursuance of a murder inquiry, I tried to take a witness statement from someone who was dead but disturbingly voluble, and that brought me to the attention of Inspector Nightingale, the last wizard in England. Now I'm a Detective Constable and a trainee wizard, the first apprentice in fifty years, and my world has become somewhat more complicated: nests of vampires in Purley, negotiating a truce between the warring god and goddess of the Thames, and digging up graves in Covent Garden ... and there's something festering at the heart of the city I love, a malicious vengeful spirit that takes ordinary Londoners and twists them into grotesque mannequins to act out its drama of violence and despair. The spirit of riot and rebellion has awakened in the city, and it's falling to me to bring order out of chaos - or die trying. The great English Renaissance tragedy—violent, powerful, unforgettable—in a freshly edited and annotated student edition. “Neill’s edit of the play is very well done. ... If there’s a more knowledgeable or erudite unraveling of the play, I haven’t seen it.” —Steve Sohmer, *Comitatus* This Norton Critical Edition of John Webster’s 1612–13 tragedy offers a newly edited and annotated text together with a full introduction and illustrative materials intended for student readers. The Duchess of Malfi’s themes of love, loyalty, and betrayal have resonated through the centuries, making this a perennially popular play with audiences and readers alike. This volume includes a generous selection of supporting materials, among them Webster’s likely sources for the play (William Painter, George Whetstone, Simon Goulart, and Thomas Beard) as well as related works by Webster and George Wither on widows, funerals, and memorializing

death. A generous selection from Mark H. Curtis's classic essay, "The Alienated Intellectuals of Early Stuart England," tells readers as much about the character of Bosola as it does about his creator. Henry Fitzgeffrey (1617) and Horatio Busino (1618) provide early responses to the play. "Criticism" is thematically organized to provide readers with a clear sense of *The Duchess of Malfi's* central themes of dramaturgy; the politics of family, court, and religion; and gender. Also included are essays on contemporary re-imaginings of the play and its critical reception over time. Contributors include Don D. Moore, Inga-Stina Ewbank, Christina Luckyj, Barbara Correll, D. C. Gunby, Lee Bliss, Rowland Wymer, Brian Chalk, Theodora Jankowski, and Pascale Aebischer. A selected bibliography is also included.
