Having Fun Together Feb 04 2021 Life should be fun, and *Having Fun Together* sets a delightful example of joyous entertainment for young readers. A collection of 90 enchanting children's stories,

these tales take place in Johannesburg and center around six boys and girls, who are between the ages of six and nine. Some of the children in the group are black, and others are white. They are typical kids, although very intelligent and imaginative, and like many youngsters, they spend most of their time looking for fun -- and that often leads to impulsive and forgetful behavior. When the author combines the children's search for good times with their imaginative natures, a variety of embarrassing and entertaining situations result. But fun loving does

not necessarily mean irresponsible. When the situation calls for it, these children can be mature, responsible, and eager to help their friends.

For the Love of Dogs Dec 22 2019

Dog shows can be murder... When Molly Gibson, sensual romance writer but shyest and most insecure member of the Gumshoe Chicks, finds more than she bargained for in the Driscoll's dog trailer, the Chicks - Molly, Abi and Dana - swap show ring etiquette and grooming mitts for some deadly serious sleuthing. Their

only clues are the blood splattered dog-grooming scissors found buried in a fellow competitor's chest. A husband blackmailing his wife. And a death threat written on a Betty Boop writing pad. As the Chicks continue to investigate, they discover several suspects at the dog show have something to hide. Was the dead man really a serial Don Juan, intent on taking every female show competitor over 30 to bed? Did the ostentatious poodle exhibitor lose his temper, decide to teach the victim a lesson, and go too far? Or was the female judge with the Gucci boots angry when the victim

threatened to expose her infidelity? And who is that bad-boy biker with the sea-blue eyes and kissable lips? Molly, who has enough trouble resolving conflict in her fictional stories is freaked out at the prospect of confronting a real-life antihero. A villain who's killed not once, but twice, and if she doesn't apply her creative flair to unearthing the culprit, could easily kill again. Just when the Chicks think they know who the murderer is - Molly stumbles over another clue proving them all wrong. But with only a geriatric chihuahua and a hairless broom to work with, will she

live to pass this message on to the others? If you like dogs, best friend relationships, humor and a touch of murder, you will love the second book in this new mystery series by June Whyte, author of the laugh-out-loud Kat McKinley Greyhound Mysteries and the delightfully down-to-earth Vets2U cozies.
