Pow! Radical new methods for reaching jaded, cynical consumers Put simply, when it comes to your business, your new idea, even yourself, this book can be the difference between a "Who cares?" and a "Holy cow!" Business, both big and small, is in desperate need of new ways to inspire bored and cynical consumers who have grown weary of the same old song and dance. In today's information economy, it doesn't matter how many people you reach, but how much attention they pay. And the best way to get attention is with the powerful, but largely misunderstood, element of surprise. Pow! Enter Andy Nulman with the art of surprise marketing. An explosive new outlook, surprise marketing solidifies the bond between you and your customers like nothing else, and keeps them coming back for more by providing a continuous flow of what they never expected. Pow! Right Between the Eyes reveals the secrets, theories, and tactics of surprise marketing, and yields outrageous real-world examples (and even more outrageous tools like "The Lubricant to Yes" and "Euphoric Shock") to help expand the boundaries of the extreme and create a bigger bang for bigger profits. On his quest to unlock the secret of why some things knock your socks off and others put you to sleep, Nulman shares insights from director Alfred Hitchcock, designer Philippe Starck, playwright David Mamet, Family Guy creator Seth McFarlane, Harvard psychologists, songwriters, bloggers, and even the inventor of Pirate Booty snack chips. And he shows how today's smartest companies are winning big with surprises stories like: • How Oprah's shocking announcement that "Everybody gets a car!" sent her Web site traffic up 800% and helped the Pontiac G6 outsell its competitors by 20% • How Target earns \$7 billion a year in free publicity with stunts like a floating temporary store in New York's Hudson River or putting on a vertical fashion show where acrobat models walked down the side of Rockefeller Center • How Bear Naked Granola reversed the trick-or-treat tradition by sending costumed street teams door-to-door to give away granola samples on Halloween Andy Nulman is a wildly-successful businessman and even wilder public speaker who first learned the power of surprise working with Jay Leno, Jerry Seinfeld, Jim Carrey, and many other comedians as the cofounder and CEO of the Just For Laughs Festival, the world's largest comedy event. His book shares hilarious and effective surprise promotions that he himself dreamed up for the event and in his current position as cofounder, President, and CMO of Airborne Mobile, which brings brands like Maxim, Family Guy, and the NFL to the mobile media world. Don't forget to read the book's two forewords by the legendary John Cleese and CBS Late Late Show host Craig Ferguson. Surprising choices for a business book? Well...what did you expect? Multi-volume major reference work bringing together histories of companies that are a leading influence in a particular industry or geographic location. For students, job candidates, business executives, historians and investors. The Founder's Dilemmas examines how early decisions by entrepreneurs can make or break a startup and its team. Drawing on a decade of research, including quantitative data on almost ten thousand founders as well as inside stories of founders like Evan Williams of Twitter and Tim Westergren of Pandora, Noam Wasserman reveals the common pitfalls founders face and how to avoid them. Praise for Winning At Retail "Winning at Retail offers the most effective strategies available for retailers. At McDonald's, the 'Quick-EST' model is crucial, because being close and convenient to where our customers live, work, and shop helps us create maximum value. If you want to harness your company's strengths to become a leader in your category-and stay in tune with what your customers want-this is the book for you." -Jim Rand, Senior Vice President of Business Development, McDonald's Corporation "Winning at Retail provides a thoughtful approach to retail differentiation. Ander and Stern warn of the 'treacherous middle' into which retailers too easily drift. They inspire us to avoid this peril through case studies of retailers who have assumed leadership through courageous choice." -Robert L. Price, Senior Vice President and Chief Marketing Officer, Wawa "In a difficult retail environment, this book provides crucial guidance for staying on top of your competition-by taking the

customer seriously and leveraging your strengths to provide experiences that increase customer loyalty. Will Ander and Neil Stern elegantly argue that you can't always be the biggest, fastest, and trendiest place on the block, but it takes only one of these 'Ests' to be a category leader. Businesses big and small can benefit from the carefully distilled lessons in this book." -Bernd Schmitt, Professor of Marketing, Columbia Business School and author of Customer Experience Management At Nike, the desire to be the best is a journey, not a destination--better is always temporary. Phaidon commemorates the company's influence with Nike: Better is Temporary, a landmark publication that charts Nike's transformation from rebellious upstart to global phenomenon. This immersive visual survey offers an unprecedented, behind-the-scenes exploration into Nike's ethos-driven design formula, placing industry-defining innovations and globally recognized products alongside previously unpublished designs, prototypes, insider stories, and more. Beginning with "Breaking2," an introduction detailing Nike's 2017 attempt to facilitate a sub-two-hour marathon, the book lays out in five thematic chapters Nike's focus on performance, brand expression, collaboration, inclusive design, and sustainability. The book's extraordinary design also nods to its contents. The striking cover features overlapping silkscreened layers of Nike's proprietary Volt yellow and Hyperpunch pink colors overlaying an image of world-champion marathoner Eliud Kipchoge printed in a half-tone dot pattern. The book's spine, visible through the clear jacket, showcases a series of colored tabs that extend from its interior pages and which are referenced in the book's bonus chapter, "Crafting Color." Combining 500 color illustrations with stories, insights, knowledge, passion, and history shared by Nike's remarkable team, Nike: Better is Temporary will serve as a manual of innovation and inspiration for generations to come. "This book is intended to drive home the fundamental ideas of managerial accounting and motivate students to actually want to study the subject. As you will see, the text has a number of unique features that help accomplish these goals. Based on my teaching experience and from what we have heard from professors using the previous editions, we believe students and professors want a textbook that: Recognizes that most students will become managers, not accountants Focuses attention on decision making Stresses the fact that "You Get What You Measure" Motivates students to learn managerial accounting by connecting concepts and techniques to the real world Recognizes the importance of service businesses Is clear, concise and current" When the doors of the lift crank open, the only thing Thomas remembers is his first name. But he's not alone. He's surrounded by boys who welcome him to the Glade - a walled encampment at the centre of a bizarre and terrible stone maze. Like Thomas, the Gladers don't know why or how they came to be there - or what's happened to the world outside. All they know is that every morning when the walls slide back, they will risk everything - even the Grievers, half-machine, half-animal horror that patrol its corridors, to try and find out. "A great WWII-era historical fiction that has it all: mystery, suspense, history, espionage, action, and a dash of romance all wrapped up into an addictive and intriguing novel." Goodreads reviewer, ????? A life-changing moment Peppa and George introduce first words in this simple and fun early learning book. Explore themes familiar to your toddler, such as At Home, At the Park and At a Party by pointing to each picture and saying the words.
