This deeply insightful guide to understanding what clients really want is “an indispensable resource for consultants” (Keith Ferrazzi, #1 New York Times–bestselling author of *Never Eat Alone*). Independent consulting is a potentially lucrative enterprise—but the reality seldom matches the dream. Most solo consultants and boutique consulting firms are perpetually within six months of bankruptcy due to the sputtering unreliability of their new business engines. The problem, according to international consulting expert David A. Fields, is twofold: 1) lack of a consistent, proven plan, and 2) fundamental misunderstanding about what clients want in a consultant. Fields, who has helped hundreds of consultants and boutique firms worldwide build profitable, sustainable practices, replaces the typical consultant’s mindset of emphasizing expertise and differentiated processes with a focus on building relationships, engendering trust, and solving clients’ existing problems. In *The Irresistible Consultant’s Guide to Winning Clients*, Fields synthesizes his decades of experience into a step-by-step approach to winning more projects from more clients at higher fees. From nuts-and-bolts business advice and tactics to a deeply insightful breakdown of the human side of a very human profession, Fields, named one of *Advertising Age* magazine’s “Marketing Top 100,” delivers a comprehensive guidebook that is at once highly approachable and satisfyingly detailed. “If I could have just one book on client strategy, this book would be it.” —Marshall Goldsmith, #1 New York Times–bestselling author of *Triggers* Change is only 50 minutes away! "Irresistible is a fascinating and much needed exploration of one of the most troubling phenomena of modern times." —Malcolm Gladwell, author of New York Times bestsellers David and Goliath and Outliers "One of the most mesmerizing and important books I've read in quite some time. Alter brilliantly illuminates the new obsessions that are controlling our lives and offers the tools we need to rescue our businesses, our families, and our sanity." —Adam Grant, New York Times bestselling author of Originals and Give and Take Welcome to the age of behavioral addiction—an age in which half of the American population is addicted to at least one behavior. We obsess over our emails, Instagram likes, and Facebook feeds; we binge on TV episodes and YouTube videos; we work longer hours each year; and we spend an average of three hours each day using our smartphones. Half of us would rather suffer a broken bone than a broken phone, and Millennial kids spend so much time in front of screens that they struggle to interact with real, live humans. In this revolutionary book, Adam Alter, a professor of psychology and marketing at NYU, tracks the rise of behavioral addiction, and explains why so many of today's products are irresistible. Though these miraculous products melt the miles that separate people across the globe, their extraordinary and sometimes damaging magnetism is no accident. The companies that design these products tweak them over time until they become almost impossible to resist. By reverse engineering behavioral addiction, Alter explains how we can harness addictive products for the good—to improve how we communicate with each other, spend and save our money, and set boundaries between work and play—and how we can mitigate their most damaging effects on our well-being, and the health and happiness of our children. Adam Alter's previous book, Drunk Tank Pink: And Other Unexpected Forces that Shape How We Think, Feel, and Behave is available in paperback from Penguin. Creating mouth-watering food images requires more than just a love of food and access to a kitchen. With the popularity of food blogs and photography how-tos, it's tempting to think that anyone can photograph food, but it's another thing entirely to shoot for a tight ad layout with the pressure of your client watching over your shoulder. Commercial food photographer Teri Campbell has been called a "lighting master," and in this beautifully illustrated book, he not only shares his detailed lighting set-ups and shooting techniques for a wide range of food and drink shots, but also offers candid advice on how to set up a studio, use the right equipment, market your work, find clients, bid on assignments, hire food and prop stylists, and communicate effectively with everyone on the set. Campbell shares his expertise on dozens of commercial assignments—from shooting beignets on location in New Orleans, to creating perfect ice tea pours, to photographing beans on real flames in his studio. Learn how he creates dynamic compositions, uses studio strobes, and arranges light diffusers, reflectors, fill cards, and mirrors, to create the perfect capture. Campbell also discusses his post-processing techniques in Adobe Camera Raw and Adobe Photoshop to create images that are irresistible. This guide for intermediate and advanced users provides the insider details to help you expand your photography skills or turn your passion for food and images into a professional career. Once upon a time there was a version of the Christian faith that was practically irresistible. After all, what could be more so than the gospel that Jesus ushered in? Why, then, isn't it the same with Christianity today? Author and pastor Andy Stanley is deeply concerned with the present-day church and its future. He believes that many of the solutions to our issues can be found by investigating our roots. In Irresistible, Andy chronicles what made the early Jesus Movement so compelling, resilient, and irresistible by answering these questions: What did first-century Christians know that we don't—about God's Word, about their lives, about love? What did they do that we're not doing? What makes Christianity so resistible in today's culture? What needs to change in order to repeat the growth our faith had at its beginning? Many people who leave or disparage the faith cite reasons that have less to do with Jesus than with the conduct of his followers. It's time to hit pause and consider the faith modeled by our first-century brothers and sisters who had no official Bible, no status, and little chance of survival. It's time to embrace the version of faith that initiated—against all human odds—a chain of events resulting in the most significant and extensive cultural transformation the world has ever seen. This is a version of Christianity we must remember and re-embrace if we want to be salt and light in an increasingly savorless and dark world. THIS IS A PICTURE BOOK. NO TEXT.
