Mobile, City by the Bay Nov 20 2019 "Mobile: City by the Bay" is the exciting account of the growth and development of one of America's most beautiful cities.

Breath and Death May 07 2021 In the concluding book of the quadrilogy, Sampson, Sam's son sees a beautiful woman at the slave auction and Sam buys her, along with an additional abused slave. Both slaves receive manumission papers, declaring them to be free, and Sampson soon marries the woman. Sam visits his home in Poland, becomes ill, is cared for by a sharp-tongued widow, marries her and they return to the plantation. A Missouri cattle raiser comes to buy some of Sam's prize cattle and Sam decides to go back with him. After a pleasant visit, Sam decides to see parts of the West, and leaves on a fascinating journey that ends in San Francisco, where he gets involved with a former prostitute, a Chinese-American Tong leader, and the construction of a gambling, prostitution, and opium palace. Disgusted with the immoral aspect of the enterprise, he returns home. He and his family at the plantation have been brutally treated by a Union Army officer at different times and the story culminates in a confrontation between Sam and the officer.

The Underground Railroad (Television Tie-in) Feb 16 2022 Colson Whitehead's Pulitzer Prize-winning, National Book Award-winning, Oprah-anointed, #1 New York Times bestselling novel that explores America's troubled racial past as only he can—now an original Amazon Prime Video series directed by Barry Jenkins. Cora is a young slave on a cotton plantation in Georgia. An outcast even among her fellow Africans, she is on the cusp of womanhood—where even greater pain awaits. And so when Caesar, a slave who has recently arrived from Virginia, urges her to join him on the Underground Railroad, she seizes the opportunity and escapes with him. In Whitehead's ingenious conception, the Underground Railroad is no mere metaphor: engineers and conductors operate a secret network of actual tracks and tunnels beneath the Southern soil. Cora embarks on a harrowing flight from one state to the next, encountering strange yet familiar iterations of her own world at each stop. As Whitehead brilliantly recreates the terrors of the antebellum era, he weaves in the saga of our nation, from the brutal abduction of Africans to the unfulfilled promises of the present day. The Underground Railroad is both the gripping tale of one woman's will to escape the horrors of bondage and a powerful meditation on the history we all share. Look for Colson Whitehead's bestselling new novel, *Harlem Shuffle*!

Lost Plantations of the South Jun 20 2022 The great majority of the South's plantation homes have been destroyed over time, and many have long been forgotten. In *Lost Plantations of the South*, Marc R. Matrana weaves together photographs, diaries and letters, architectural renderings, and other rare documents to tell the story of sixty of these vanquished estates and the people who once called them home. From plantations that were destroyed by natural disaster such as Alabama's Forks of Cypress, to those that were intentionally demolished such as Seven Oaks in Louisiana and Mount Brilliant in Kentucky, Matrana resurrects these lost mansions. Including plantations throughout the South as well as border states, Matrana carefully tracks the histories of each from the earliest days of construction to the often contentious struggles to preserve these irreplaceable historic

treasures. *Lost Plantations of the South* explores the root causes of demise and provides understanding and insight on how lessons learned in these sad losses can help prevent future preservation crises. Capturing the voices of masters and mistresses alongside those of slaves, and featuring more than one hundred elegant archival illustrations, this book explores the powerful and complex histories of these cardinal homes across the South.

Conscientious Sorcerers Feb 22 2020 Fox offers a clear and important, if brief, consideration of the fiction of Baraka, Reed, and Delany. He renders an especially important service by establishing the relationship among three fictionists whose work has been substantially neglected. . . . Readers will find this volume useful as a starting point for the investigation of recent Afro-American fiction and as an example of the application of poststructuralist criticism to Afro-American fiction. Choice This book is a provocative and enlightening study of the fiction of LeRoi Jones (Amiri Baraka), Ishmael Reed and Samuel R. Delany, three black American writers who are among the most gifted literary artists of the past twenty-five years. These authors, who emerged in the tumultuous period of the 1960s, when the complacencies of the previous decade were being challenged throughout the country, are examined here within the context of Afro-American literature.

We the People Aug 22 2022 Political correctness appears innocuous enough until one truly looks at the ripple effect created by today's manipulative players looking for an advantage. Political correctness is a lie because saying it isn't so, doesn't change the facts...the facts are that pigs don't fly and life "ain't" fair! This charade has become so ingrained in our culture today that no one is willing to call it what it is; a façade for a culture of entitlement based on denial and rejection of responsibility. While political correctness has been solidifying its place in our lives for some time now, it has recently been joined by its natural adjunct partner...socialism. Our current administration has decided it knows what's best for us in spite of a majority of voters expressing an opposing opinion. But my real fear is that his agenda and ambitions are going to destroy America... Obama is not the

first president with a large streak of narcissism. But the others had equally expansive feelings about their country. He epitomizes today's "me" culture with their "it's not my fault" mentality supported by their entitlement attitude. He is the embodiment of everything that is "wrong" with America today...he is the maestro of the blame-game (mistakes will be made, but others can be blamed). We have misplaced our traditional values while buying into the liberal's progressive mindset. Our losses have been mounting for decades and the accumulative consequences are coming to bear. The list is endless: common sense, common courtesies, responsibility, accountability, integrity, family values, love of country...and God. I'm not suggesting he caused this decline in America's moral values; but I would suggest his radical vision for America...and beyond, is to take what we see today to the next level. From his distorted perspective he is myopically focused on shepherding us to what's "right" for America.
