Desperate Vow Tormented by the deaths of his wife and child, Griffin Blackmoor spends his days drowning his grief in whiskey. But when a bullet that was meant for him kills his best friend, Griffin makes a promise to the dying man that will thrust him back into London Society--and into the path of the one woman who could make his life worth living again. A

Leap of Faith The daughter of a drunkard, Lady Anne Carmichael swore she would never love a man like Griffin Blackmoor. But when he rescues her during her darkest hour, Anne cannot ignore the effect Griffin's haunted eyes--or his soul-stirring kiss--have on her guarded heart. He is everything she never wanted. So why does his love feel like exactly what she needs?

Pioneering Research Mar 19 2022 Ask questions not on the agenda Explore ideas wherever they lead Pursue goals because they're important Create options not yet perceived According to premier researcher Don Braben, these are the vital intellectual processes that underlie all human achievement, the kinds of risk-taking activities that have made our civilization what it is today. Yet, warns Braben, the same pioneer spirit that fueled our meteoric industrial and scientific growth is now being undermined by a growing climate of corporate caution and conformity. In this groundbreaking manifesto on the importance of scientific freedom, Braben asserts that the greatest long-term risks facing humanity will not come from weapons of mass destruction, prolonged global war, devastating

disease or famine, or even from extinction by a huge wayward meteor. Rather they will come from the debilitating attrition caused by the rising tides of bureaucracy and control that are steadily strangling human ingenuity and undermining our future. Addressing this serious and growing problem, Pioneering Research: A Risk Worth Taking explains the urgent need to maintain both the originality and freedom of expression that is so vital to our economic growth and scientific development. Citing global trends and attitudes that currently threaten these conditions, Braben details some bold new initiatives that may offer a possible solution. A compelling read for today's scientists, policy makers, and concerned laypeople, Braben's book will change our understanding of the politics of scientific achievement and expose the threat to our future from bureaucracy, paper trails, political correctness, lowest common denominator solutions, and accountability--the invisible chains that bind the imagination and damage our society irreparably.

Risk and Risk Taking in Health and Social Welfare Nov 03 2020 In this practical book, Mike Titterton offers an innovative model of

risk work in health and social care. He argues that a thoughtful risk-taking approach can lead to empowerment and greater independence for vulnerable individuals. He also discusses contemporary definitions of risk, and identifies the essential skills needed by professionals.

A Risk Worth Taking Jul 23 2022

Risk May 09 2021 In this remarkably forthcoming book you will come to believe that risk is a road worth traveling. That's where the rewards are. Why not take it! The future, as seen through the eyes of businessman, entrepreneur, and author Craig Huntington, is unlimited. The choices we make will dictate the direction of our lives, both personal and professional. That's an empowering thought. Are there risks involved with making choices? Of course there are. But even choosing to do nothing comes with risks. You may want to reinvent the wheel by changing careers, or you may simply want to nudge your life in a different direction. Taking action carries with it an inherent element of risk. Failure is just a bump in the road that we call risk taking. If you're willing to make something extraordinary of your life, there is no better place to start than with the timeless lessons contained within these pages.

A Risk Worth Taking Mar 02 2023 Life has not turned out the way that Dan Porter had planned. He thought that when he married Jackie twenty-five years before, he would be providing for her and their family until he could retire to a small house on the Devon coast and

sit with a smug smile on his face, knowing that he had not only done his bit to perpetuate the human race, but had achieved it with distinction. But life doesn't always turn out the way you imagine it will. Firstly, Jackie's little job turned into a high-powered executive position with a top fashion house which required most of her time and attention, leaving only a sliver of a moment for her parenting and home-making duties. Secondly, that he would suffer an out-of-character brainstorm, leave his safe job and start up a business on his own - but customers had not come rushing to his door. Dan becomes a house husband - and most of his time is spent studying his empty email inbox. Approaching fifty and having read a magazine article, he thinks of a new brainwave - to upsticks from London, buy a croft in Scotland and take over a mail order business with Jackie. The family are not amused...

Take the Risk Jan 05 2021 By avoiding risk, are you also avoiding your life's full potential? Join acclaimed neurosurgeon Dr. Ben Carson as he explores the life-changing power of taking the risk, even if you're afraid. In our risk-avoidant culture, we place a high premium on safety. We insure our vacations. We check crash tests on cars. We extend the warranties on our appliances. But by insulating ourselves from the unknown--the natural risks of life--we miss the great adventure of living our lives to their fullest potential. Dr. Ben Carson spent his childhood as an at-risk child on the streets of Detroit, and he took big risks in performing

complex surgeries on the brain and the spinal cord. Now, offering inspiring personal examples, Dr. Carson invites us to embrace risk in our own lives. In *Take the Risk*, Dr. Carson examines our safety-at-all-costs culture and the meaning of risk and security in our lives. *Take the Risk* guides you through an extensive examination of risk, including: Risk-taking in history An assessment of the real costs and rewards of risk Learning how to assess and accept risks Understanding how risk reveals the purpose of your life From a man whose life dramatically portrays the connection between great risks and greater successes, the insights Dr. Carson shares in *Take the Risk* will help you dispel your fear of risk in order to dream big, aim high, move with confidence, and reap the rewards of wise risk-taking. Praise for *Take the Risk*: "Whether you are a world-renowned neurosurgeon, a CEO, or a teacher, this book applies to anyone who ever wondered about the difference between the pacesetters and those who struggle to keep up. It is the pacesetters who *Take the Risk*, and this book explains when and why to take risks to empower everyone to become a trailblazer rather than a mere spectator. For anyone who wants to rise above mediocrity, this book is a must-read." -- Armstrong Williams, author and radio host, *The Armstrong Williams Show*

A Risk Worth Taking Dec 24 2019 The mother of the groom has three duties: show up, shut up, and wear beige. So why is Abby Roberts agreeing to a second dance with the bride's

older brother, much less kissing him? After years of playing it safe, she's ready to expand her horizons--even accepting a teaching job in London--but is she ready for a sexy new man in her life? Grant Davis agreed to walk his sister down the aisle, never expecting the groom's mother to awaken passionate feelings he thought buried. Since his divorce he's focused on his business and taking care of his daughter's special needs. But something about the way Abby holds her own makes him think this is a woman he wants to know better. With Abby's departure looming, Grant has to work fast. Can he convince her to let go of past mistakes and take a risk on love?

A Risk Worth Taking Dec 16 2021

Right Risk Mar 27 2020 We must take risks if we are to grow personally and professionally. Risks are a part of a fully-lived life. But in the commotion of today's fast-paced, technology-driven world, people have become disconnected from the wise counsel of their inner resources, hampering their ability to make meaningful choices. Consequently, risks are increasingly being taken in an impulsive, haphazard, and often reckless way. In *Right Risk*, Bill Treasurer draws on the experiences and insights of successful risk-takers (including his own experiences as a daredevil high diver) to detail ten principles that readers can use to take risks with greater intelligence and confidence. *Right Risk* is about taking more deliberate and intentional risks in an increasingly complex world. It aims to answer such questions as:

How do I know which risks to take and which to avoid? How do I balance the need to take more risks with the need to preserve my safety? How do I muster up the courage to take risks when it is so much easier not to? How do I confront all those people who keep telling me what a mistake it would be to take the risk? And, most importantly, How do I make risk-taking less of an anxiety-provoking experience? *Right Risk* will help readers take risks with greater discipline, focus, and maturity-to confidently face life's challenges and take advantage of life's opportunities.

A Risk Worth Taking Oct 02 2020 Interior designer Holly Carrington worked hard for her success. Then tragedy struck, leaving Holly the sole guardian of her infant niece. Now she's swapped her designer purse for a diaper bag, and is going ahead with plans to renovate—and sell—her childhood home in Red River. But facing her past also means coming face-to-face with Quinn Manning all over again... Quinn was the object of her girlhood crush—and heartbreak— and is more gorgeous than ever. He's also the only person qualified to oversee the renovation. Now they're butting heads every step of the way... and their attraction is even more electrifying! But once the house is sold, Holly needs to return to her real life. And falling for Quinn all over again is one risk she can't take... Each book in the Red River series is a standalone story that can be enjoyed out of order. Series Order: Book #1 *A Risk Worth*

Taking Book #2 The Best Man's Baby Book #3 The Doctor's Fake Fiancee Book #4 The Rebel's Return

A Risk Worth Taking Aug 24 2022 She's not looking for Mr. Right. But damn if he doesn't look like Mr. Right Now... Summer Stafford Finding the world's hottest farmhand at my dinner table was unexpected, but it doesn't change anything. I've come home to manage the family business, not to get involved with the help. Even if the sight of him in those faded denim jeans makes me want to jump his bones. Ford O'Neal Summer gets under my skin and makes me want to say things like "girlfriend" and "relationship." But I'm determined not to let a farmer's daughter ruin my plans. When the season ends, I'm gone. And I'll be damned if I'm leaving my heart behind. When Summer and Ford finally give in to their attraction, how far will they let things go before fate has its way with one hot-as-sin farmhand and one stubborn city girl.

A Risk Worth Taking Jan 29 2023

A Risk Worth Taking Jan 17 2022 From the author of *Edge of Truth*. "Packed with fast-paced action, treachery, deceit as well as redemptive love, this book never slows down." —RT Book Reviews He can't outrun himself . . . Legionnaire Jamie Armstrong lives in the shadows. A medic haunted by his mistakes, he knows better than to hope for redemption. But his latest mission brings a threat he doesn't see coming—an attraction as irresistible as it is dangerous. Hacker Samira Desta is a woman he

swore to forget, but as a key witness to a deadly conspiracy, Samira is his to protect. But the woman he rescues might be the one who saves him . . . After a year in hiding, Samira's worst fears come true when her cover is blown and the unlikeliest of allies comes to her aid—the secretive Scot with whom she shared one unforgettable night. Hunted by lethal forces and losing the battle against their desire, Jamie and Samira make a desperate play to take the fight to their enemy—but those at greatest risk of ruin may be themselves . . . “A mile-a-minute thrill ride that had my heart pounding as well as breaking for our lovebirds, *A Risk Worth Taking* was romantic suspense done absolutely, wonderfully right.”

A Risk Worth Taking (a Red River Novel)

Apr 27 2020 Interior designer Holly Carrington worked hard for her success. Then tragedy struck, leaving Holly the sole guardian of her infant niece. Now she's swapped her designer purse for a diaper bag, and is going ahead with plans to renovate-and sell-her childhood home in Red River. But facing her past also means coming face-to-face with Quinn Manning all over again... Quinn was the object of her

girlhood crush-and heartbreak- and is more gorgeous than ever. He's also the only person qualified to oversee the renovation. Now they're butting heads every step of the way... and their attraction is more electrifying than ever! But once the house is sold, Holly needs to return to her real life. And falling for Quinn all over again is one risk she can't take...

A Risk Worth Taking Aug 12 2021 When 22-year-old Summer Stafford's parents split halfway through her senior year at college, Summer's world is rocked. Everything she thought she knew—heck, everything she thought she wanted for her own life—feels like a lie. The truth is love is a risk. And the true kind, the kind that lasts, might even be a fairy tale. Reeling from the divorce, Summer derails her own future by breaking up with her parent-approved boyfriend and giving up her lifelong plans for a big-city career. She moves back home, business degree in hand. Dad needs her to fill the gaps her mother left behind; Summer needs to find who she is outside of the cookie-cutter life that failed so miserably for her parents. Ford O'Neal's future involves one person: himself. He doesn't have a permanent address and he definitely doesn't commit. To a place or a person. Raised by hippies, he plans just far enough ahead to secure his next stop, this one landing him at a work-study program at Heritage Plantation where he can grow his own herbal and medicinal creations. Summer is gorgeous and smart and fun to be with, the perfect way to pass five months. It won't be

love—Ford's got too many things to accomplish, too many places to go, before he settles down. Yet Summer pulls him in, challenging him to rethink his own philosophy. When Ford's five months are up, each of them must decide if love is really worth the risk. “Heather Hildenbrand's New Adult debut, *A Risk Worth Taking*, is a sizzling and sexy read that will leave you wanting more.” -USA Today Best Selling Author Tiffany King

A Risk Worth Taking Complete Series Feb 24

2020 Get all 4 books in one set! 2 full romance stories in one volume! Books 1 & 2: 22 year-old Summer Stafford is trying to pick up the pieces after her parents' divorce. She's convinced that love is a fairy tale. Then she meets Ford. Sexy, smart, and with a smile that makes Summer's knees weak. Ford couldn't be happier since he's intent on putting Summer on her back. They fall hard and fast--only problem, Ford isn't here to stay...Is seizing the day enough? Is it really worth the risk to find out? Books 3 & 4: Jordan DeWalter has her future mapped out--build the most impressive architectural design portfolio in all of New England, and use it to one day open her own firm. But when her father unexpectedly passes away, her plans, and her heart, are broken. Now, if she wants the money once promised to her, she'll have to return to the town that threw her family out over twenty years ago in order to get it. If there's one thing Jordan despises more than small towns, it's small town people. Casey Luck has spent his life skating by on charm and a devil-may-care attitude. Never one to take life too seriously, he's kept secret his dream of building custom dirt bikes. Instead, he fills the role his family expects: tractor mechanic, farm handyman,

comedic relief. But, deep down, Casey's restless for something more. Then he meets his new roommate: Jordan. Their attraction is instant, but Jordan's not fooled by the chemistry between them. When the summer is over, she's out of here no matter what. In fact, she's willing to bet on it. Will their undeniable connection be the push they both need to break free of their pasts, or will Jordan's wager on their failure ruin the future for them both? "Cute, Sexy, Country Romance. Small Towns Rock! You don't want to RISK not meeting Summer and Ford, read the book today!" - A Tribe Called Books
