All it takes is one second. One stupid move. One click of a cell phone. When Callie discovers Katherine sprawled on the ground, she bends down to help her. It's only natural—the party's been a bit wild. And it's only natural for her to pull out the fake knife, irritated at one more example of Katherine's callous disregard of other people's feelings. But the knife is real . . . and bloody. And then Callie hears the click of one cell phone, followed by another, and another. In minutes, images of her holding the bloody knife have gone viral. Now wanted for murder, Callie is on the run from the police. All the evidence points to her guilt, but she's determined to prove her innocence, which means . . . the real killer is still out there. Bretnor, whose name was taken from the maiden name of his maternal grandmother and who many acquaintances thought to be the perfect English gentleman, never left the United States in the 72 years he lived here and did not once set foot in Great Britain. He is most widely known in the science fiction field for his humorous "Feghoot" pun stories featuring time-traveler Ferdinand Feghoot. He also published a handful of science fiction novels and a single mystery novel (A Killing in Swords) in addition to more than a hundred short stories in both the mystery and science fiction genres. In addition to fiction, he wrote extensively on cats and swords (he was an expert on Japanese swords), and both elements feature in many of his works. The Fellowship saga continues with Jamie and Ellison's story in this standalone spinoff of The Sin Trilogy. I'm a doctor. Mobster. Killer. My hands are covered in filth. I don't have the right to touch anything as clean and pure as Ellison MacAllister. I distance myself... always remaining obscure, composed, restrained. Careful to never allow my eyes to linger too long. Careful to hide my interest. Careful to keep my burning desire buried beneath the surface. I do it for her—suffer in silence—because it's what is best for the woman I love. And she has no idea. She'll be initiated as a Fellowship member soon. One of my mafia brothers will go through endurance so he'll earn the right to claim her. Make her his wife. Kill. Me. Slowly. I'm running out of time. Only a month remains before she's beyond my reach forever. I want to taste her. Share sleepless nights. Ride out her storm. I want to give her the kind of nights she will still feel between her legs the next morning. I want us to share the kind of passion that forms on our skin and drips down to saturate the sheets. Between the sweat and the moans and the messy hair, I want her to know how hard she's been loved. To have her is to taint her. I should stay away. But I won't. I can't. I'm a selfish bastard. The gripping conclusion to the acclaimed Arthurian fantasy trilogy from #1 New York Times bestselling author Kiersten White finds Guinevere questioning everything—friends and enemies, good and evil, and, most of all, herself. While journeying north toward the Dark Queen, Guinevere falls into the hands of her enemies. Behind her are Lancelot, trapped on the other side of the magical barrier they created to protect Camelot, and Arthur, who has been led away from his kingdom, chasing after false promises. But the greatest danger isn’t what lies ahead of Guinevere—it’s what’s been buried inside her. Vowing to unravel the truth of her past with or without Merlin’s help, Guinevere joins forces with the sorceress Morgana and her son, Mordred—and faces the confusing, forbidden feelings she still harbors for him. When Guinevere makes an agonizing discovery about who she is and how she came to be, she finds herself with an impossible choice: fix a terrible crime, or help prevent war. Guinevere is determined to set things right, whatever the cost. To defeat a rising evil. To remake a kingdom. To undo the mistakes of the past...even if it means destroying herself. Guinevere has been a changeling, a witch, a queen—but what does it mean to be just a girl? On Ciel's sixteenth birthday, she expects her father whom she hasn't seen in a year to finally come home. What she doesn't expect is the strange boy that appears on her front yard claiming her father is a demon king and that he is her personal guard sent to protect her from the vicious demons after her half human blood. Ciel is taken from her safe and happy human life and thrown into the new, more adventurous life of her demon lineage filled with new friends and new love interests. Will she be able to control her powers and her life or will everything blow up in her face? even as she lifted her hands from her lap, over the child's face spread a calculating look that was thoroughly unnerving, for it was so like Jane. "Did you know my mother?" she asked, her eyes veering away. Geneva had a sickening sensation that Jane was reaching out from the grave. "Not really. I met her once," she said. Elizabeth grew more alert. "Where?" "Here at Brookhurst at a dinner party." She thought of Jane's tidy figure in a pink chemise and silver slave bracelets; her cold blue eyes and cruel mouth set in a pale, flat complexion. The saucy way she sat with feet tucked under her on the sofa in the drawing room—the most formal chamber in the house. A considerable pause. A frown of concentration. "Then, was this before she married my father?" Elizabeth asked slowly. "Yes. Why?" Another pause. "So you knew my father before he married my mother." "Yes," Geneva said. She would have thought this obvious, given that Emelye was Tony's child with her, and was several months older than Elizabeth. Then she realized it would be far beyond the ability of a child less than eight years old to piece that sort of information together. Elizabeth pressed her bangs again, ran her tongue over her lips. Still avoiding looking at Geneva, she asked, "Was my mother was she nice then?"
