The Train Ride Sep 13 2021 A journey on a train provides excitement, nice scenery, and pleasant anticipation. *From Conflict to Courage* Jul 23 2022 Unresolved conflict is workplace kryptonite. Learn how to develop the mindset and skills to defuse disagreements, overcome division, and turn conflict into an opportunity for growth. Unresolved workplace conflict wastes time, increases stress, and negatively affects business outcomes. But conflict isn't the problem, mismanagement is. Leaders unintentionally mismanage conflict when they fall into patterns of what Marlene Chism calls "the Three As:" aggression, avoidance, and appeasing. "These coping mechanisms are ways human beings avoid the emotions that come with conflict, but in the end it's all avoidance," says Chism. In this book she shows how to fearlessly deal with conflict head-on by expanding your conflict capacity. Conflict capacity is a combination of three elements. The foundation is the Inner Game—the leader's

self-awareness, values, discernment, and emotional integrity. The Outer Game is the skills, tools, and communication techniques built on that foundation. Finally, there's Culture—the visible and invisible structures around you that can encourage or discourage conflict. Chism offers exercises, examples, and expert guidance on developing all three elements. Leaders will discover techniques to increase leadership clarity, identify obstacles, and reduce resistance. They'll develop powerful skills for dealing with high-conflict people and for initiating, engaging in, and staying with difficult conversations. Readers will learn that when they see conflict as a teacher, courageously face it, and continually work on transforming themselves, they can get the resolution they are seeking. They can change minds.

Think Like a Monk Oct 22 2019 Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success - And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London

with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk* reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.

Train Lord Jun 22 2022 The astonishing true story of trust, pain, becoming lost, and finding a way back to yourself despite it all 'An intimate preservation of a moment in time, full of personality' THE TIMES _____ Life is beautiful - even in the dark . . . Oliver Mol was happily drifting through his twenties when the migraine exploded in his head. Suddenly, he could barely function. He felt marooned. Nothing helped. Yet he was desperate to save himself. Then he found the trains. The job of

train guard has intense moments of strict, regimented activity in between periods of calm serenity. It was just what Oliver needed. Not only could he do this, but also it might be a way out. *Train Lord* is the story of Oliver's extraordinary recovery. A journey back into the light . . . _____ 'Tender, vital and quietly hopeful: a tale of remaking' Guardian 'Rude, raw, visceral, painful and wildly funny' Saga 'Intense and humble, *Train Lord* won my heart' Australian Book Review **No-Drama Leadership** Sep 25 2022 Choice. Power. Speed. Today's leaders continually face these forces. But with too many choices, too much power, and too much speed, leaders often make decisions in a heightened state of emotion (and drama). Hasty decisions are often poor ones and in this climate there is no place to hide. Privacy is a thing of the past; the days of covering up or ignoring a problem are over. In today's transparent culture, the decision making of leaders is more vulnerable than ever—and it is more critical than ever to get it right. Marlene Chism's *No-Drama Leadership* introduces just the model the corporate world needs. Using case studies, checklists, and examples from various levels of hierarchy in leadership and from a variety of industries, Chism introduces the mindset shifts and practical skills needed to develop enlightened leaders, whose decision making flows from a much more grounded and aligned place. You will learn how to: Identify the signs of misalignment Increase your leadership

effectiveness Use four quadrants of change as a catalyst for leadership growth Increase employee engagement Tap into the gifts and talents of your employees Communicate strategically Create a culture of accountability Increase innovation and productivity through empowerment Today's leader needs more than position, power, or business acumen. Today's leader needs more than self-management, communication skills, or emotional intelligence. We need leaders who are aligned, aware, and accountable, who balance choice and power with wisdom and responsibility-leaders who embrace and embody both the inner game of leadership growth with the outer game of business results, modeling both the mindsets and actions that transform the cultures they lead.

Conflict Without Casualties

Aug 12 2021 Make Conflict Your Partner for Positive Change! Clinical psychologist and transformative communication expert Dr. Nate Regier believes that the biggest energy crisis facing our world is the misuse of conflict. Most organizations are terrified of conflict, seeing it as a sign of trouble. But conflict isn't the problem, says Regier. It's all about how we use the energy. When people misuse conflict energy, it becomes drama: they struggle against themselves or each other to feel justified about their negative behavior. The cost to companies, teams, and relationships is staggering. The alternative, says Regier, is compassionate accountability: struggling with others through

conflict. Discover the Compassion Cycle, an elegant model for balancing empathy, care, and transparency with boundaries, goals, and standards. Provocative, illuminating, and highly practical, this book helps us avoid the casualties of conflict through openness, resourcefulness, and persistence.

Can't Hurt Me Nov 22 2019 New York Times Bestseller Over 2.5 million copies sold For David Goggins, childhood was a nightmare -- poverty, prejudice, and physical abuse colored his days and haunted his nights. But through self-discipline, mental toughness, and hard work, Goggins transformed himself from a depressed, overweight young man with no future into a U.S. Armed Forces icon and one of the world's top endurance athletes. The only man in history to complete elite training as a Navy SEAL, Army Ranger, and Air Force Tactical Air Controller, he went on to set records in numerous endurance events, inspiring *Outside* magazine to name him "The Fittest (Real) Man in America." In *Can't Hurt Me*, he shares his astonishing life story and reveals that most of us tap into only 40% of our capabilities. Goggins calls this The 40% Rule, and his story illuminates a path that anyone can follow to push past pain, demolish fear, and reach their full potential.

Training through drama for work Dec 28 2022

No Ego May 21 2022 The New York Times bestselling author of Reality-Based Leadership rejects the current fad of "engaging" employees and the emotional drama of "meeting their needs"--returning leadership to leaders and productivity to businesses. For years now, leaders in almost every industry have accepted two completely false assumptions--that change is hard, and that engagement drives results. Those beliefs have inspired expensive attempts to shield employees from change, involve them in high-level decision-making, and keep them happy with endless "satisfaction surveys" and workplace perks. But what these engagement programs actually do, Cy Wakeman says, is inflate expectations and sow unhappiness, leaving

employees unprepared to adapt to even minor changes necessary to the organization's survival. Rather than driving performance and creating efficiencies, these programs fuel entitlement and drama, costing millions in time and profit. It is high time to reinvent leadership thinking. Stop worrying about your employees' happiness, and start worrying about their accountability. Cy Wakeman teaches you how to hire "emotionally inexpensive" people, solicit only the opinions you need, and promote self-awareness in your whole team. No Ego disposes with unproven HR maxims, and instead offers a complete plan to turn your office from a den of discontent to a happy, productive place.
