Overeaters Anonymous. Debtors Anonymous. Sex and Love Addicts Anonymous. More and more meetings. Meetings for issues he doesn't have. With

stark, sharply drawn art and unflinching honesty, David Heatley explores the strange and touching relationships he develops, and the truths about himself and his family he is forced to confront, while "working" an ever-increasing number of programs. The result is a complicated, unsettling, and hilarious journey—of far more than 12 steps. Illus. in full color. Project Manager David Darshan of Cracow was the first of the itinerant Jewish preachers whose works were published. He was a Renaissance man in a very real sense. Preacher, scholar, artist, healer, scribe, mystic, editor, commentator, and bibliophile (and father of five daughters), he tried in vain to establish an academy but failed because he was on the wrong side of the establishment. He was involved in the reintroduction of the printing of Hebrew books in Poland in 1569. He wrote a commentary on the Jerusalem Talmud, as well as a spirited defense of preaching and the preacher's art, and copied and illustrated a magnificent Kabbalistic manuscript. He wandered through Germany, Bohemia, and Russia; spent time in Italy during the period of the printing of the Zohar and the banning of the Talmud; served as scholar-in-residence at the home of a wealthy Jewish banking family; returned to Cracow to become the town darshan; and set out for Safed to join the community of Kabbalists and await the Messiah. This account of his background and translation of two almost forgotten books, Shir haMa'a lot l'David and Ktav Hitnazzelut l'Darshanim - a collection of sermons, response, poems, model letters to distinguished persons, efforts to fund an academy, a sourcebook for would-be preachers, and a defense of the craft - lifts the curtain on the inner life of the Jewish world in the late Middle Ages. The reproduction of the Hebrew texts of two books that have all but disappeared places a valuable resource in the hands of scholars. The cover illustration for the volume is by David Darshan and appears in the manuscript of Perush hYeri'ah haG'dolah, a commentary on the Ten Spheres, which he copied, illustrated, and signed in Modena in 1556. It depicts Rabbi Akiva, surrounded by the four creatures of Ezekiel's chariot vision, standing between the sketch of the universe and the spherotic tree. The manuscript is evidence of David's skill as scribe and artist. There are silent lessons that we need mine out of David's life if we are not going to fall short on this brief but eventful journey of ours. This was a man that came from an insignificant background, given one of the most degrading jobs around and to worsen matters he was hated by his brothers. The last part informed his being ostracized from home. Yet, this man rose above all these negative circumstances and became a reference point for those that God would want to enlist in his exclusive club of warriors. There was something that made him tick such that even when he was down he was never out. In the face of death from Saul he still showed courage, grace, respect for authority and integrity. We need to find out how he did this and got approval from God even though he messed up a couple of times. Not on Facebook yet? Gorgeously observed and emotionally powerful, *The Sound of Our Steps* is an inventive novel of immigration and exile from Ronit Matalon, a major voice in contemporary Israeli fiction In the beginning there was Lucette, who is the mother to three children—Sammy, a gentle giant, almost blind, but a genius with locks; Corinne, a flighty beauty who cannot keep a job; and "the child," an afterthought, who strives to make sense of her fractured Egyptian-Jewish immigrant family. Lucette's children would like a kinder, warmer home, but what they have is a government-issued concrete box, out in the thorns and sand on the outskirts of Tel Aviv; and their mother, hard-worn and hardscrabble, who cleans homes by night and makes school lunches by day. Lucette quarrels with everybody, speaks only Arabic and French, is scared only of snakes, and is as likely to lock her children out as to take in a stray dog. The child recounts her years in Lucette's house, where Israel's wars do not intrude and hold no interest. She puzzles at the mysteries of her home, why Maurice, her father, a bitter revolutionary, makes only rare appearances. And why her mother rebuffs the kind rabbi whose home she cleans in his desire to adopt her. Always watching, the child comes to fill the holes with conjecture and story. In a masterful accumulation of short, dense scenes, by turns sensual, violent, and darkly humorous, *The Sound of Our Steps* questions the virtue of a family bound only by necessity, and suggests that displacement may not lead to a better life, but perhaps to art. Confidence is crucial to a happy and fulfilling life. And yet many of us lack confidence and self-belief. As a result, we are less adventurous and less likely to get the most out of life. This book is a carefully structured, daily programme covering the following areas: * Deciding to be confident * Harnessing self-awareness * How to think confidently * Using your imagination to improve your self-image * How to act with confidence * Communicating with confidence Each of the 52 sections contains information, insights and words of inspiration, plus seven exercises and practical hints or points to ponder. Fifteen minutes a day will give you tools and techniques which have worked for millions of people around the world. If you read the material carefully and apply what you learn, you really will notice big changes taking place within two or three months. A year from now you'll be amazed at how much more confident you've become. This deeply insightful guide to understanding what clients really want is “ an indispensable resource for consultants ” (Keith Ferrazzi, #1 New York Times-bestselling author of *Never Eat Alone*). Independent consulting is a potentially lucrative enterprise—but the reality seldom matches the dream. Most solo consultants and boutique consulting firms are perpetually within six months of bankruptcy due to the sputtering unreliability of their new business engines. The problem, according to

international consulting expert David A. Fields, is twofold: 1) lack of a consistent, proven plan, and 2) fundamental misunderstanding about what clients want in a consultant. Fields, who has helped hundreds of consultants and boutique firms worldwide build profitable, sustainable practices, replaces the typical consultant 's mindset of emphasizing expertise and differentiated processes with a focus on building relationships, engendering trust, and solving clients ' existing problems. In *The Irresistible Consultant 's Guide to Winning Clients*, Fields synthesizes his decades of experience into a step-by-step approach to winning more projects from more clients at higher fees. From nuts-and-bolts business advice and tactics to a deeply insightful breakdown of the human side of a very human profession, Fields, named one of *Advertising Age* magazine 's " Marketing Top 100, " delivers a comprehensive guidebook that is at once highly approachable and satisfyingly detailed. " If I could have just one book on client strategy, this book would be it. " —Marshall Goldsmith, #1 *New York Times* – bestselling author of *Triggers* Packed with charts, graphs and real-life examples and axioms, this book provides a moneymaking, step-by-step investment program.
