The New York Times bestseller about what would happen if two statistics-minded outsiders were allowed to run a professional baseball team It's the ultimate in fantasy baseball: You get to pick the roster, set the lineup, and decide on strategies -- with real players, in a real ballpark, in a real playoff race. That's what baseball analysts Ben Lindbergh and Sam Miller got to do when an independent minor-league team in California, the Sonoma Stompers, offered them the chance to run its baseball operations according to the most advanced statistics. Their story in **The Only Rule is it Has to Work** is unlike any other baseball tale you've ever read. We tag along as Lindbergh and Miller apply their number-crunching insights to all aspects of assembling and running a team, following one cardinal rule for judging each innovation they try: it has to work. We meet colorful figures like general manager Theo Fightmaster and boundary-breakers like the first openly gay player in professional baseball. Even José Canseco makes a cameo appearance. Will their knowledge of numbers help Lindbergh and Miller bring the Stompers a championship, or will they fall on their faces? Will the team have a competitive advantage or is

the sport's folk wisdom true after all? Will the players attract the attention of big-league scouts, or are they on a fast track to oblivion? It's a wild ride, by turns provocative and absurd, as Lindbergh and Miller tell a story that will speak to numbers geeks and traditionalists alike. And they prove that you don't need a bat or a glove to make a genuine contribution to the game. Contains the 4th session of the 28th Parliament through the session of the Parliament. Is it the luck of the draw or the card that we are dealt, from a high 10 to a lowly 1, that places us within all of the variables, in every possible way of life, from the very best to the very worst, in our place on this world stage? Is our life as it is due to the luck of the draw or due to the card that God dealt us to live? It is not as it is because we wished it so.
